DAY 2

*Traditional  
Wooden Boat  
Fishing*

**Traditional Wooden Boat Fishing**

On the island, fishing is a trade and art that has been passed from father to son for countless generations. This excursion gives those with a passion for fishing and the sea an opportunity to directly experience this tradition and way of life. Whether you want to try your hand at fishing or just observe, you'll get the opportunity to learn from the local fisherman and listen to their stories of life at sea. The trip ends with a stunning fish dinner at the hotel restaurant - where you will feast on the fruits of your labour and enjoy fine wine.

**Tour description**

This tour offers you to experience a unique and traditional Croatian way of life. After picking you up, we will take you to Vira, a fishing harbour near Hvar where we will take the fish boat. We will pass through Paklinski Islands or to north east side of Hvar island (depending on the weather occasions). The nets that are used to catch fish are thrown into the sea very early in the morning (3 - 4AM) or even the day before. The most amazing and exciting part is picking up the net when it is full of catch. Fishing with parangal is a very simple technique using very thin but very firm rope. Every 1 or 1.5 meters there is tight nylon string with hook at the end. Parangal is usually used for catching very big fish like: eels, dentex and delicious red scorpion. After pulling up several nets, we will try our luck with squid fishing (if it's September or October) using "samolovke" (a piece of hook on nylon attached to buoy). To keep us motivated, we will enjoy a local Dalmatian lunch with great wine or beer if you prefer, as well as local brandy to keep us warm! When we return with the catch we will teach you how to clean and to prepare your catch.

**Meeting point:**

We will pick you up at villa.

**Departure time:**

Mornings between 7 - 9 AM

**Duration:**

This is a full day program (5 - 6 hours)

**What's included?**

Pick up, the program as described, lunch with wine, refreshments (water, beer, wine, local brandy on the boat), and dinner.
